Skills

- **Languages**: C++, JavaScript, Python, SQL
- **Frameworks**: HTML and CSS, Bootstrap, Spring Boot, NodeJS, React,
- **Tools/Platforms**: Excel, Python (Pandas, NumPy),VS code, Jupyter Notebook, Mernstack, Wordpress
- **Soft Skills**: Problem-Solving Skills, Project Management, Adaptability, Team Management

Internship

Orbosis Global | Web & Android App Development | *Link* — Nov 2025 - Jan 2025
Intern

- Contributed to the development of market-ready tech solutions, including responsive e-commerce websites using Wordpress and Mernstack
- Assisted in Android app development using Android Studio to enhance product functionality and user experience
- Collaborated with the engineering team to deliver optimized, scalable, and user-centric web and mobile features,Tech Stack Used-HTML,CSS

Vanillakart | Web & Android App Development *Emvity Brushflicks Creative Hub* | *Link* — Sept 2025 - Jan 2025
Intern

- Developed and maintained responsive web applications with optimized UI/UX and improved performance
- Implemented scalable frontend and backend features with REST API integration for web and Android hybrid apps
- Optimized app performance, handled debugging and configuration, and generated production-ready APK builds, Tech Stack Used - HTML, CSS, JavaScript, Node.js, MongoDB, Android Studio, REST APIs

Edunet Foundations | AI & Cloud in IBM Cloud | *Link* — June 2024 - July 2024
Intern

- Gained hands-on experience in AI and Cloud through IBM SkillBuild by building an intelligent no-code chatbot and performing data-driven analysis using Python
- Developed professional-level data visualization and reporting skills by converting raw datasets into meaningful insights and dashboards
- Earned multiple IBM certifications and collaborated in a fast-paced team environment, strengthening technical proficiency, problem-solving, and project execution abilities, Tech Stack Used - Python, HTML and CSS

Projects

Fine Jewellery - Luxury Jewellery E-Commerce Website & App | *Link* — Sept 2025 - Jan 2025

- Built aJewellery e-commerce platform with elegant UI/UX, enabling seamless product browsing, filtering, and secure checkout
- Developed a React frontend with a scalable Node.js backend using REST APIs and MongoDB for users, products, and orders
- Implemented authentication, cart management, and optimized performance for smooth, secure transactions. Tech: HTML, CSS, JavaScript, React, Node.js, MongoDB, REST APIs

Schedule Reminder Hub – Smart Personal Planner Platform | *Link* — June 2025 - Aug 2025

- Built a responsive personal planner that schedules events and triggers real-time reminders
- Developed a custom UI (HTML, CSS, JS) and a Spring Boot backend with REST APIs and an H2 in-memory database
- Implemented automated notifications and efficient frontend–backend communication. Tech: HTML, CSS, JavaScript, Spring Boot, REST APIs, H2

FloodGuard – Hybrid AI Flood Risk Prediction Model | *Link* — March 2025 - May 2025

- Built an ML-based urban flood-risk prediction system using geospatial, climate, and real-time sensor data
- Developed data pipelines, engineered features, and created spatio-temporal models for accurate fore casting
- Skilled in data fusion, ML modeling, and climate-IoT analytics. Tech: Python, Pandas, Scikit-learn, IoT, Geospatial Data

Certificates

- Become An OCI Foundations Associate | Oracle | *Link* — Sept 2025
- Become An OCI Generative AI Professional | Oracle | *Link* — Sept 2025
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle | *Link* — Aug 2025
- Data Structures & Algorithm Using Java | Cipher Schools | *Link* — July 2025
- Complete Cloud Computing | NPTEL by IIT Kharagpur | *Link* — April 2025

Achievement

- **CTF Challenge Under Event Concoction 2024 - Intra University Tech Fusion:** — April 2024
  Among 700+ participants in CTF 4th position | *Link*

Extracurricular Activities

- Member of university singing group; performed at campus events — Since 2023
- Active member of AWS club; participated in organizing and attending workshops and events

Education

Lovely Professional University — Punjab, India
Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.87*** — *August 2023 - Present*

Army Public School — Pune, Maharashtra
Intermediate; ***Percentage: 65%*** — *April 2021 - March 2022*

Army Public School — Pune, Maharashtra
Matriculation; ***Percentage: 89%*** — *April 2019 - March 2020*
